Derived from: Magnesium Citrate, Sodium Borate, Copper Sulfate, Iron Citrate, Manganese Citrate, Copper Sulfate, Zinc Citrate and Sodium Molybdate.

- **Specifically formulated to minimize staining potential.**
- **Micronutrient formulation designed to supplement any fertilizer program.**

RECOMMENDED RATES

Turf (Fairways, Greens & Tees, Sports turf, Overseeding, Sod installation): Apply 1-2 oz. per 1,000 sq. ft. in enough water to cover. Repeat every 4-6 weeks. For serve deficiencies, 2-4 oz. may be applied every 4 weeks.

Trees & Ornamentals: Harrell's MAX NSM may be used as a foliar spray on recently transplanted ornamentals or as a maintenance application at the rate of 24 oz. in 100 gallons of water. It may be applied as a soil drench at the rate of 40 oz. in 100 gallons of water. When using backpack sprayers, 1 oz. per 2 gallons should cover 100, 4-5" pots; 2 oz. per 3 gallons for 100, 6-7" pots; 3 oz. per 5 gallons for 100, 8-10" pots; and 4 oz. per 10 gallons for 100, 12" pots. These rates should be applied every 30 days.

2.5 gallons (9.46 liters)
Weight per gallon: 11.0 lbs.
Net weight: 27.50 lbs (12.5 Kg)

CAUTION: Keep out of Reach of Children

NSM

Non-Staining Micros

- **Quick visual response without rapid growth**
- **Long-lasting green up will not stain surfaces, including concrete**
- **Highly concentrated with low application rate**

PRODUCT INFORMATION

Harrell's MAX NSM is formulated for soil or foliar application and is designed to supplement all fertilizer programs. It is an excellent tank mix buffer. Harrell's MAX NSM can be applied through all types of irrigation systems including drip and micro-sprinklers. It may be applied by conventional ground sprayers or sprayer type systems. During periods of drought or when plants are under environmental stress, nutrient uptake can be limited and spray solutions should not be more concentrated than 1:600 ratio or 1 quart in 150 gallons of water.

DIRECTIONS FOR USE

Shake well before each use. Harrell's MAX NSM may be tank mixed with most liquid fertilizers and pesticides; however, a jar compatibility test should be performed on unknown combinations prior to mixing and application.

Keep away from Children.

FIRST AID

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. DO NOT INDUCE VOMITING. Seek medical attention at once.

CONTAINER DISPOSAL

Triple rinse container and offer for recycling or dispose in accordance with federal state and local authorities

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within Thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The seller's liability under this warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
