

7-5-4

Batch #: 0907-0291

GUARANTEED ANALYSIS

* Total Nitrogen (N).....	7.0000%
3.5000% Ammoniacal Nitrogen	
0.2700% Water-Soluble Nitrogen	
0.8000% Urea Nitrogen	
2.4300% Water Insoluble Nitrogen	
Available Phosphate (P205).....	5.0000%
Soluble Potash (K20).....	4.0000%
Magnesium (Mg)	1.9810%
1.9810% Water Soluble Magnesium (Mg)	
Iron (Fe)	1.8010%
1.1250% Water Soluble Iron (Fe)	

Derived From: Activated Sludge, Ammoniated Phosphate, Polymer Coated Sulphur Coated Urea, Sulfate of Ammonia, Sulfate of Potash-Magnesia, Iron Sulfate

* 2.549% slow release NITROGEN derived from Activated Sludge, Polymer Coated Sulphur Coated Urea

Density - 55 lb./(cu. ft.)

CAUTION MAY CAUSE STAINS ON CONCRETE

Directions for Use

Use in accordance with recommendations of a qualified individual or institution, such as, but not limited to, a certified crop advisor, agronomist, university crop extension publication, or apply according to recommendations in your approved nutrient management plan.
