Magnesium

4%

Harrell's MAX Magnesium 4% is a liquid formulation designed to correct and prevent Magnesium deficiencies. Magnesium is an important secondary nutrient, very essential for photosynthesis, since it is part of the chlorophyll molecule. Insufficient amounts of Magnesium will appear as a loss of green color at the bottoms of older leaves. Severe deficiencies will also affect younger leaves and can result in the formation of lesions. High levels of calcium and potassium can reduce Magnesium uptake. Harrell's MAX Magnesium 4% assists in chlorophyll production, providing Magnesium in a complexed form that is readily available for both soil and foliar applications. It is ideal for mixing with acid sensitive products and is generally not affected by soil conditions, other nutrients.

DIRECTIONS FOR USE

Shake well before each use. Harrell's MAX Magnesium 4% should be applied as needed. A jar compatibility test should be performed on unknown chemical combinations. The addition of a non-ionic surfactant will aid surface coverage which will help leaf absorption. It is recommended that Magnesium be applied to the soil on a routine schedule, as needed. Soil and tissue samples should be taken before applying this product. Apply in sufficient water to ensure thorough coverage.

Apply fertilizer in accordance with best management practices established by your State University or Cooperative Extension Service. Observe any State or Local fertilizer regulations pertaining to fertilizer content, application rates, or timing of application specific to your locale.

RECOMMENDED RATES

Turf (Greens & Tees): Apply 2-4 oz. per 1,000 sq. ft. in enough water to cover.

Trees & Ornamentals: Apply as a soil drench or foliar spray at 1 – 2 qts per 100 gals.

STORAGE AND CONTAINER DISPOSAL

Store above 32°F. Store this product in a dry place, in original container only. Keep lid tightly closed. Keep away from open flame or intense heat. Triple rinse container and offer for recycling or dispose of in accordance with federal, state and local authorities.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The seller's liability under this warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
