

# Black Pond Dye

## INGREDIENTS

Proprietary blend of water-soluble dyes and stabilizers..... 100%

## KEEP OUT OF REACH OF CHILDREN

## CAUTION

Read entire label for additional precautionary statements and use directions.

FOR PROFESSIONAL USE ONLY

## PRECAUTIONS

Avoid getting in eyes or on skin. The use of safety glasses with side shields (or goggles) and water repellent, chemical resistant gloves when handling this product is recommended.

Do not contaminate potable water during application or when cleaning equipment.

IN CASE OF SPILL OR MEDICAL EMERGENCY, CONTACT CHEMTREC 1-800-424-9300.

## FIRST AID

If on Skin: Wash with soap and water. Consult a physician if any irritation persists

If in Eyes: Rinse with clean water for 15 minutes. Remove contact lenses after the first 5 minutes and continue to rinse. Seek medical attention if irritation persists.

If Ingested: Call 911 or a physician for treatment advice. Have the product label with you when calling a doctor or going for treatment.

## USE RESTRICTIONS

Do not apply this product to water intended for direct human consumption. Do not use this product in streams, rivers or other bodies of water which are not under the control of the applicator. Only use this product in accordance with local, state and Federal regulations.

**NET CONTENTS** Case: 4 boxes - Each Box 6 x 5.25 oz. unit

## DIRECTIONS FOR USE

Black Pond Dye is intended for application to ponds, lakes, fisheries and ornamental bodies of water. Shake or agitate before use. Open the foil-lined over pack to dispense the water-soluble packet(s). Holding onto the foil-lined over pack, drop or throw the Harrell's Black Pond Dye (s) into the body of water. Water temperature and degree of agitation will influence dissolution and dispersion of Harrell's Black Pond Dye. Do not open the protective overpak or allow solupak to become wet until you are ready to dispense the solupak(s). Moisture will dissolve solupak(s).

## RECOMMENDED RATES

Each Harrell's Black Pond Dye packet will effectively treat one (1) acre foot, or approximately 325,829 gallons of water. To determine the initial number of soluble packet(s) to apply, multiply the surface acres of the body of water by 4. Once dye has been dispersed, adding additional soluble packet(s) can increase color intensity if desired.

## STORAGE AND CONTAINER DISPOSAL

Store above 32°F. Store this product in a dry place, in original container only. Keep lid tightly closed. Keep away from open flame or intense heat. Triple rinse container and offer for recycling or dispose of in accordance with federal, state and local authorities.

## CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The seller's liability under this warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
