# Blue Spray Indicator

Harrell's Blue Spray Indicator is a proprietary colorant blend used as a visual aid to help identify areas covered by the applicator. For use with pesticides, fertilizers, and PGR foliar applications on turfgrass and other non-crop vegetation sites with all types of spray equipment.

Harrell's Spray Indicator leaves a temporary visual identification of the areas already treated by the applicator. Avoid the added cost of overlapping spray applications, and ensure that no areas are being skipped, saving you the time and expense of incomplete applications and re-treatments.

## DIRECTIONS FOR USE:

For use on turfgrass and other non-crop vegetation sites.

## RECOMMENDED RATES:

Equipment	Application	Rate
Spray Tank	Turf	12 - 16 oz./50 gallons
Backpack		1 oz./gallon

Add Harrell's Blue Spray Indicator to the spray tank after all other chemicals. Agitate as appropriate.

## STORAGE AND CONTAINER DISPOSAL

Store above 45°F. Store this product in a dry place, in original container only. Keep lid tightly closed. Keep away from open flame or intense heat. Triple rinse container and offer for recycling, if available, or dispose of in accordance with federal, state and local authorities.

## CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The seller's liability under this warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
