Root Enhancer

Iron plus Fulvic Acid

Harrell's MAX® Root Enhancer is a blend of naturally occurring organic compounds and complexed Iron (Fe) designed for both foliar and soil application.

DIRECTIONS FOR USE

Shake well before each use. Root Enhancer may be tank mixed with most liquid fertilizers and pesticides, however, a jar compatibility test should be performed on unknown combinations prior to mixing and application. Use adequate water to ensure thorough coverage.

Apply fertilizer in accordance with best management practices established by your State University or Cooperative Extension Service. Observe any State or Local fertilizer regulations pertaining to fertilizer content, application rates, or timing of application specific to your locale.

RECOMMENDED RATES

Turf (Greens & Tees): Apply 3-6 oz. per 1,000 sq. ft. every 7-14 days in enough water to allow for thorough coverage. For initial application, apply 4 oz. per 1,000 sq. ft. If preferred, continued 4 oz. applications will improve plant vigor and not harm plants.

Fairways & Athletic Fields: Apply 3-4 qts. per acre as needed.

Establishing Greens & Other Turf: Apply 4 oz. per 1,000 sq. ft. when sprigging or seeding. Continue 4 oz. applications every 2 weeks until grass has grown in.

Container Grown Ornamentals & Trees: To enhance growth of container grown trees and ornamentals, dilute 2 oz. of Root Enhancer per 1 gallon of water and apply as a soil drench in the spring and fall.

Transplants, Ornamentals & Trees: To minimize transplant shock and enhance growing medium of ornamentals and trees, dilute 2 oz. of Root Enhancer per 1 gallon of water and apply a soil drench initially and then twice annually (spring and fall).

STORAGE AND CONTAINER DISPOSAL

Store above 32°F. Store this product in a dry place, in original container only. Keep lid tightly closed. Keep away from open flame or intense heat. Triple rinse container and offer for recycling or dispose of in accordance with federal, state and local authorities.

CONDITIONS OF SALE

Seller warrants that products will be labeled as required under state and federal laws and that they conform to the label description. Any non-conformance must be reported in writing to Seller within thirty (30) days after purchase as a prerequisite to maintaining any claim against Seller. Buyer agrees to inspect all products purchased immediately upon delivery. The seller's liability under this warranty is in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose. There are no warranties which extend beyond this statement.
